In a recent survey by Ruth Graham for MIT Skoltech initiative, the Technion was identified as an “emerging giant” whose reputation had grown considerably in recent years. The Technion was listed within top-10 universities in the world with most successful technology innovation ecosystem. The Technion was ranked first among universities operating in challenging environments.

Figure 4. Top 10 responses to the question ‘which universities would you identify as having created/supported the world’s most successful technology innovation ecosystems’, with the results adjusted for country of residence of the interviewee
